# Dear Aurorian,

Greetings Aurorians! We as your Welcoming leaders are extremely excited to have you spend your first two weeks of university with us. We have worked hard on creating a Welcoming programme that you are sure to enjoy. We are really happy to welcome you into our family. This is truly the place that becomes your home away from home and the place where you find your people. We want you to be unapologetically yourself in the community, where we can all celebrate our differences among one another.

At Aurora, we believe that every newcomer is already part of our community the moment they arrive. Guided by our shared values of Respect, Unity, Gees, Individuality, and Integrity, we aim to create a space where everyone feels seen, supported, and celebrated. During Welcoming, we focus on connection — from the music and laughter at registration to fun icebreakers, traditions like our Handprint Banner and Aurora Olympics, and meaningful moments that remind us of what it means to belong. Our goal is to welcome you warmly, build a strong community, bridge the gap between high school and university life, and set you up for academic success. Whether it's through our campus tours, mentor sessions, or tech talks, we're here to guide you every step of the way. Bring your energy, your individuality, and your gees — together, we make Aurora home.

*Sincerely,*  
*Your Welcoming Leaders*

## A MESSAGE FROM OUR PRIMARIA

**Kayleigh Manuel**

[auroraprime@sun.ac.za](mailto:auroraprime@sun.ac.za)

Congratulations on your provisional acceptance into Stellenbosch University and welcome to this vibrant community. If you've made it here after an enthusiastic stalk of our Instagram feed... welcome back. Curiosity finally got the best of you, and now you're paging through this booklet wondering what exactly you've signed yourself up for.

Let me put you at ease; you've made a great choice. From the moment you arrive, prepare for your world to expand with new friendships and experiences that will have you looking back on fond future memories built on so much fun. Aurora is a space where you can show up as your authentic self.

Here, you'll find a community who soon start to feel like family and share values that keep us grounded such as Individuality, Integrity, Respect, Unity and 'Gees' - a term we used to show enthusiasm and spirit. While we do not offer accommodation, we are intentional about creating a community outside of your degree. And look, I know transitioning from high school to university can feel overwhelming because suddenly you're navigating independence, deadlines, washing your own laundry (good luck), and figuring out where you fit in. Remember to take a breath, you're not doing this alone.

While we cannot help you with your laundry, we can be the friends who walk this journey with you. The truth is you don't have to fit in because you already belong. Being part of this community has shaped me more than I ever expected. I've grown so much here in so many ways I didn't see coming. Aurora has pushed, supported and held me through so many chapters during my time here at Stellenbosch University and I hope that you feel that same sense of belonging and comfort in Aurora. Your time here is what you make of it. When you show up, engage and allow yourself to experience the fullness of this community, something incredible happens and Stellenbosch starts to feel like a home away from home.

I truly cannot wait to welcome you into the Aurora family. Get ready, your story here is just beginning. It's going to be something special.

See you soon,

Sincerely,

*Kayleigh Manuel*

SHE/HER

Dear Newcomer, Congratulations on your provisional acceptance into Stellenbosch University this represents an exciting milestone and brings you one step closer to the dream you've worked so hard for. I cannot wait to welcome you into this beautiful community as it is a place I value greatly, and it is also the place made my first friend in Stellenbosch. 3 years later she remains one of my closest friends. This community has given me so much hope and made my time at university so fruitful. I've grown professionally, academically and socially so much over these past few years, and I hope your journey, which is only just beginning, becomes even more than you imagined. I hope the memories you make here be the ones you look back on with a full heart.

A little insight into my interests, I love making music with my siblings and dancing and you will always catch me dancing or singing to any tune especially during Welcoming.

I love crafts, reading and plants. Funny story about my plant obsession, I am currently a proud plant mom of 9 and counting and my love for plants actually started back in 2023, at an Aurora Social Impact Morning in my first year Welcoming. I look forward to one day hearing your stories and seeing the impact you make here. See you soon Future Aurorian!

## VICE-PRIMARIUS

### *Envir Tiervlei*

HE/HIM

Firstly, congratulations on being accepted at Stellenbosch University. This is a massive achievement and it's the first of many to come. I'd like to welcome you to this amazing community. Aurora is a place where you can be yourself and grow as an individual but at the same time, you'll be able to grow in community. Aurora is a community with many different people from different backgrounds. In my time here I've met so many different individuals with their own stories and I've learned so much from them by getting to know them. In Aurora, Gees is one of our values. We go through life with High Energy and High Spirit. Whether it is a good time or a bad time, we continue to go through it with a high level of Gees. Speaking on my time here, mine was not as long as others who have started since their first year but in my short time it has been amazing. I've made friends who make life a lot more interesting and I've been able to grow as a leader as well because of them. To share a little bit about me, I'm someone who enjoys spending time with my friends and having a good laugh. I'm quite silly at times, always doing something crazy or making jokes. I am a bit of a sports enthusiast, I've played many different sports codes, and I enjoy keeping up to date with them. If you are ever looking for me on campus, you'll find me on the grass of the Rooiplein enjoying nature or in the library being an academic weapon.

I wish you all the best for your journey as a Stellenbosch student and a member of Aurora. Some advice I'd give you that was given to me by the previous Vice-Primaria is, "You'll always make time for something you want to do." So, with this, make sure to have fun with everything you do, if you make mistakes just laugh it off and try again until you eventually get it right. Be optimistic in every situation, the Sun will rise again tomorrow, and the sky will continue to be blue. I can't wait to meet each and every one of you and I cannot wait to be with you, as your Vice-Primarius, as you start your amazing journey.

# HOUSE COMMITTEE

FINANCIAL MANAGER &  
NEWCOMERS COMMITTEE LIASON

*Taylor Muller-Rolls*  
SHE/HER

Firstly, I'm extremely proud of you for getting into SU. I am Taylor Muller-Rolls, your financial manager and Newcomers Committee liaison. As our future of Aurora, I trust you to do amazing works in this community, because it is your home away from home. Allow your voice to be heard, especially when difficult conversations are discussed, show up even when it feels uncomfortable (it gets better), always be willing to learn and always be willing to lend a listening ear. Allow yourself to dream big and never let anyone dim your light. In the midst of the university chaos you might feel like running - stay. You are right where you need to be. Forgive yourself as many as times as you need to, nobody's got it figured out and everyone is just learning. Explore and do not let your books consume you; you will eventually find your feet in your work-life balance. Stop waiting for Friday, for summer, for someone to fall in love with you, for life, because happiness is achieved when you stop waiting for it and make the most of the moment you are in now. After all, life wants to be lived and not just be survived. Breathe, you got this :))

My earnest congratulations on your provisional acceptance to Stellenbosch University! I hope you're as excited for your journey as we are to welcome you. My best piece of advice is to embrace the change that is coming your way and to not shy away from whatever opportunities present themselves during your time here. Aurora's the perfect platform for you to hone in on your individuality, and you are more than likely to meet a dozen others with the exact same vibe as you. I encourage you to put yourself out there and to open the doors that you have the key to. You deserve to be here.

*Hlumisa Kgati*

SHE/HER

Hi future Aurorians! I'm Hlumisa, and I am so excited to welcome you into our vibrant, warm and spirited family. When I joined Aurora, I was completely new to the community, new to the environment, and honestly a little unsure of how everything worked. Aurora quickly became the space where I found my people, my rhythm, and my confidence. Joining the community and getting involved in sports helped me build friendships and feel part of something much bigger than myself, and now I have the privilege of helping you experience that same sense of belonging.

As your Sports, Socials, and Cluster HC, my heart is set on creating spaces where you feel included, supported, and free to express your individuality. Whether it's showing up for sports with gees, enjoying our socials, or connecting with other communities in the VicMeyr Cluster, I want your Aurora experience to be filled with joy, growth, and real connection. You can expect a community that celebrates who you are, pushes you to explore, and stands by you throughout your university journey. I can't wait to meet you, cheer you on, and help you find your home away from home. Welcome to Aurora — you're going to love it here!

SHE/THEY

Hi Future Aurorians!

A big congratulations on your provisional acceptance. I know how hard you had to work to make it this far. The end of one journey means the beginning of another and I am excited to usher you into this new era. I'm a huge introvert but a bigger yapper when I get comfortable or when I'm creatively expressing myself, which is fitting as your critical engagement and social media creative. I can't wait to meet you all, feel free to walk up to me and yap about anything (I don't bite don't worry!)

Hey future Aurorians! I'm Jacques Isaacs, and I'm genuinely excited to welcome you into the Aurora family. I'm an Engineering student, but when I'm not deep in circuits or calculations, you'll catch me chasing a cold switch, or bringing some positive energy into any room I walk into.

As part of the House Committee, my goal is to help create an environment where every newcomer feels welcomed from day one. I want Aurora to be a space where you can be yourself, feel supported through the tough days, and celebrate the good ones with people who genuinely have your back. I can't wait to meet all of you and start building moments that we'll look back on with a smile.

*Bonjour Aurorians,*

Welcome to your home away from home. The Seniors Committee are a special group of people that cultivate that feeling of home by catering to the needs and desires of everyone from their second year onwards. They uphold the vibe of the Aurora community and ensure that you're still feeling welcomed, heard, and seen throughout your years. During your Welcoming period, the Seniors Committee will be there to help with getting you all settled in, maintaining gees and distributing merch and food packages. During the year, they may host a variety of offerings for seniors (and first-years), either for recreational or fundraising purposes.

I encourage you to get to know each of them, and to inform them of your passions and your interests so they may better accommodate you throughout the year.

The Seniors Committee are there to support you, so don't be shy to ask them for help with anything during Welcoming. We got you!

À bientôt!

December 2025 Dear Prospective Student CHARGING FIRST YEAR WELCOMING PACKAGES TO STUDENT ACCOUNTS 2026 Welcome to your Commuter Student community at Stellenbosch University! You have been assigned

to a CSC (Commuter student Community) as you have not chosen to stay in an SU residence in 2026. During the annual welcoming period in the beginning of the year, communities take responsibility for exposing first years to Stellenbosch University in a welcoming manner.

Because CSCs do not have a dining hall (although some CSCs will arrange meals for their students in dining halls during the welcoming period) where students can enjoy meals, CSC first years are provided with "welcoming packages". These packages usually consist of several meals, clothing, and other items unique to each community. During CSC registration on the first day of Welcoming (Monday 26th January 2026), you will have the option of purchasing one of these welcoming packages at a set price (which may vary from community to community). Each CSC will also offer different options (both clothing and meals, only meals, only clothing, etc.) that students can then select. Please see the bottom of this email for more information.

Stellenbosch University utilizes a cashless system to allow students to purchase these packages hassle free. You, or your parents or guardian, will have to sign an acknowledgment of debt on the day so that the clothing, food, etc. for the welcoming period can be made available to you. After registration the cost will be charged to your student account to be paid with all other student-related expenses. Please note that once the form is signed you will be liable for the costs of the package selected, regardless of you having all the meals or not, or not wanting the clothing after the first few days.

Acquiring the "welcoming packages" is not compulsory, but we do want to encourage you to take the opportunity to do so as it will make your welcoming period a much more enjoyable experience. Please find attached the form for your completion. You are welcome to print the form and bring it along.

If you have any questions, feel free to contact us at [cscu@sun.ac.za](mailto:cscu@sun.ac.za)
