**Dear colleagues // Beste kollegas**

The University of St Andrews Global Fellows is an opportunity for researchers to be hosted at the university for a fellowship and are expected to contribute to the scholarly community at St Andrews. This includes interacting with a wide range of staff and students, and participating in the scholarly activities of Academic Schools, Centres and Institutes, both online and in person throughout the 2026-2027 academic year.

Global Fellows will normally give a research seminar, postgraduate lecture, undergraduate training activity or similar during their visit.
