

FMHS SCIENTIFIC TRAVEL AND PUBLICATION AWARD FUNDS

APPLICATION FOR PUBLICATION AWARDS

Purpose

The Scientific Travel and Publication Award Fund's publication award funding (the Fund) serves to incentivise **Faculty of Medicine and Health Sciences (FMHS) staff and students** for research publications in peer-reviewed Department of Higher Education and Training (DHET)-accredited journals. Before this form is completed, the [regulation](#) for this Fund should be read.

Eligibility

Early-career FMHS staff, defined as having 10 or less publications to date, **FMHS postdoctoral fellows** and **FMHS postgraduate students**. There is a category for **FMHS primary supervisors** as well. Kindly note that hosts of postdoctoral fellows are not eligible in the primary supervisor category. Certain **other criteria should also be met**, as detailed in the regulations.

Award

The **amount** awarded for an early-career staff member, postdoctoral fellow or postgraduate student publication (research paper or article) is **R5 000** and **R2 000** is awarded in the primary supervisor category. Multiple awards can be made in the FMHS early-career, postdoctoral fellow and postgraduate student categories, permitting the availability of funding. Awards to primary supervisors may be capped at two, budget permitting. Postdoctoral fellows and students must have an active student or postdoctoral account at the time of application, or they must reflect as a staff member on the SU/FMHS payroll in order for such an incentive to be paid out.

Application

There are **three calls annually** with the following closing dates, provided a call is officially announced:

1 March

1 July

1 November

If an application is made for more than one publication, a **separate application form** for each publication should be completed. Primary supervisors should submit applications for publication awards independent from applications. **Late applications or applications outside of these periods will unfortunately not be considered.**

An application consists of the completed form and the following supporting attachments:

Appendix	Description	Attached	Comments (optional)
A	Copy of the published or accepted publication (indicating the publication year, journal name and author names and affiliations)		
B	Proof of acceptance of publication (if the paper has not been published yet, but still send copy of article)		
C	Proof of registration (for postdoctoral fellow or postgraduate student applications)		

Submission

A completed application form must be submitted with the **attachment(s)** as **one PDF document**, to **Mr Tashwell de Wet** (tashwell@sun.ac.za) via e-mail, by the relevant **deadline** (see above). Please note that incomplete or late applications will not be accepted. No hard copies are required.

Enquiries
