TO: ALL SU RESEARCHERS

Kindly find attached the information and application form for the SU Research Publication Fees Fund.

The aim of the 'Publication fees fund' is to support the growth of scholarly publishing by SU's academic staff members, as one of SU's strategic institutional objectives. It supports publication outputs of significant scholarly value by contributing to the costs of publication. Only publications that meet the criteria for subsidy from the Department of Higher Education (DHET) will be considered for support. The fund will be managed on a competitive basis, through a call for applications where articles, chapters in books or books/monographs are publication ready (to be submitted for publication in 2025 & 2026). Priority will be given to early and mid-career researchers who are still in the process of establishing themselves. High quality (in higher quintile journals) and open access (OA) publications will also enjoy priority, in support of the quality and accessibility of the publication, and the on average higher citations rates attained through reputable OA publishing.

Eligibility:

- The call is open to current SU staff members.
- Only publications (journal articles, books, chapters in books) that adhere to the criteria for submission to the Department of Higher Education and Training (DHET) for subsidy purposes will be considered.
- Only publications to be submitted for publication within the most recent calendar year are eligible for funding.
- The relevant environment (Faculty/School) will be expected to contribute 25% of the funding required.

Application Submission:

Submit the attached form, together with the copy of your publication, to the Microsoft Form [**SU Research Publication Fees Fund**](#)

CLOSING DATE:

5 March 2026

Enquiries:

Maryke Hunter-Husselmann (mh3@sun.ac.za)

Submission confirmation to be sent to:

Lerissa Fourie (lerissa@sun.ac.za)
