GRADUATE RECRUITMENT PROGRAMME

Marquard Timmey

Unit for Graduand Career Services (CSCD)

Dear Matie

We at the Unit for Graduand Career Services in the Centre for Student Counselling and Development at Stellenbosch University (SU) are thrilled to welcome you to this exciting opportunity to explore careers, connect with professionals, and shape your future career success. SU will be hosting three career fairs at the beginning of August:

3 August, General Career Fair

on the "Rooiplein"

– Open to students from all faculties

5 August, Accounting Career Fair

on the "Rooiplein"

– Open to all Accounting major students (SAICA, SAIPA, CIMA)

6 August, Engineering Career Fair

in Academia Recreational Hall

– Open to all Engineering students

The General Career Fair brings together a diverse range of companies and industry leaders eager to engage with talented SU students like you. The Accounting Career Fair targets all our accounting students, while the Engineering Career Fair is focused on opportunities for our engineering students.

These three career fairs are your best opportunity to network with the many graduate employers who cannot wait to meet you. This is the perfect opportunity to ask your burning questions about the world of work, showcase your skills, and build a relationship that can support your future professional journey. We encourage you to get curious and make the most of the opportunity. Career fairs help you uncover possibilities, meet people and make connections, and take active steps toward your career aspirations.

Browse our digital brochure for full details about the exhibitors and when they will be here. There are also other exhibitors who, while not present on the day, are

still highly interested in recruiting SU graduates. Transitioning from studying to working is a thrilling next step. We would like to turn the uncertainty of what comes next after graduation into excitement as you get ready to market and sell your experience, qualifications, and the skills you acquired during your time at university.

The connections you make with prospective employers exhibiting at career fairs can lead to internships, job offers, or invaluable insights to guide the next steps on your unique career path. We suggest you research your target companies and prepare custom questions to show that you take the employment process seriously.

Thank you for attending the career fairs. We hope these engagements will empower students to move forward with purpose and find their career calling.

and the Career Services Team**

Auditor General of South Africa

The Auditor-General of South Africa (AGSA) is South Africa's Supreme Audit Institution, legally mandated to audit and report on how government spends taxpayers' money. Established in 1911, its role expanded under the 1996 Constitution to support its constitutional mandate. As a Chapter 9 institution, the AGSA's responsibilities are set out in Sections 181 and 188 of the Constitution. Each year, it audits government departments, public entities, municipalities, and public institutions. The AGSA also produces general reports analysing audit outcomes across the Public Finance Management Act and Municipal Finance Management Act cycles, as well as reports on discretionary, performance and other special audits.

Boshoff Visser & Associates

At BVA we believe the best accountants are built, not born.

We're an established, close-knit audit and assurance firm in Durbanville, Cape Town, where you'll know every director by name and they'll know yours. We provide audit, independent reviews and reporting services, applying IFRS and IFRS for SMEs across a broad portfolio of clients.

As a SAICA-accredited training office, our trainees work directly with directors and clients, seeing entire engagements from planning to sign-off, not just one slice of them. Training contracts are built on meaningful client exposure, close mentorship, honest feedback, and people invested in your success.
